

## Potential Cost Savings with the Conversion of Dexilant to Generic Low Cost Alternative

Dexilant (dexlansoprazle) is a Proton pump inhibitor (PPI) used for treatment of GERD and Erosive esophagitis.

A systematic review of 12 randomized trials examining the relative effectiveness of different PPI doses and dosing regimens found no consistent difference in symptom resolution and esophagitis healing rates.<sup>1</sup>

<b>Cost of Dexilant for 30 Day Supply</b>	<b>Cost of omeprazole for 30 Day Supply*</b>
<b>\$214- \$304.44</b>	<b>\$7.72</b>
